THE WILLOW  
WILSON

THE WILLOW

THE WILLOW

THE KENT.

THE WALDMERE.

BOTH THE KENT HOUSE AND THE WALDMERE are under the same Proprietorship.

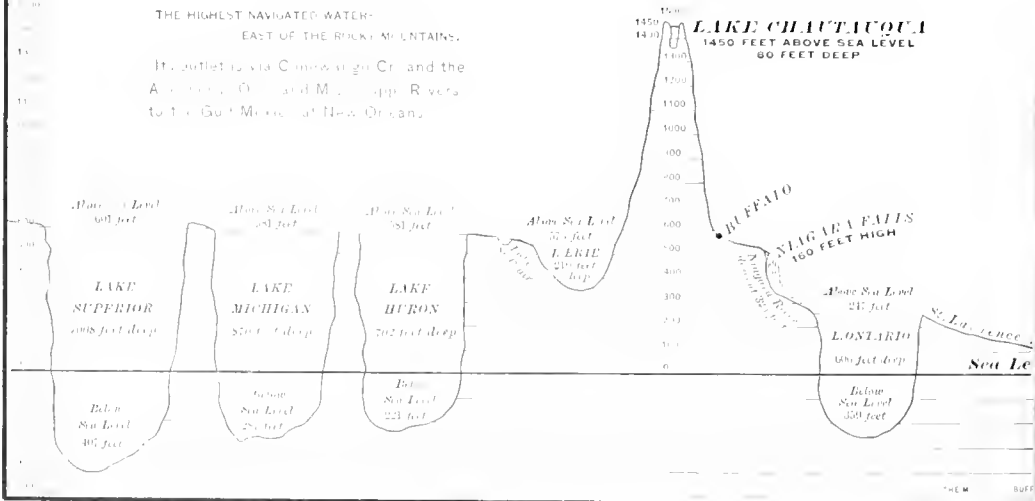

It is believed that much good has been accomplished by the two houses working together in harmony, under one management. The satisfactory result has proven the wisdom of this arrangement. While each will have its distinct individuality, the guests of either house will have all the privileges of the other.

Many radical changes and improvements have been made, some of which are on too extensive a scale to be mentioned in detail, but much has been done that will add to the comfort and convenience of guests. Among other things is the consolidation of the two lighting plants; removing of casino building and gas holder; also, combining the two water systems and supplying both hotels and all cottages from the KENT HOUSE ARTESIAN WELLS, which an analysis shows to be exceptionally pure. Much has been done in the way of renovating, painting, and laying out of the grounds, so that Lakewood will look prettier than ever.

# LAKE CHAUTAUQUA, NEW YORK.

THE HIGHEST NAVIGATED WATER-  
EAST OF THE ROCKY MOUNTAINS.

Its outlet is via Chautauque Cr. and the  
Ausable, Otsego and Mohawk Rivers  
to the Gulf of Mexico at New Orleans.

FROM VERANDAS OF THE HOTELS.

**LAKEWOOD,** by those not familiar with Chautauqua Lake, is often associated with Chautauqua, the seat of the National Assembly. While it is only 14 miles distant, making it possible for Lakewood people to enjoy all the advantages of the Assembly, it is a distinct point of itself, and strictly a health and pleasure resort.

## THE COTTAGES.

They are occupied by people who live at the hotels, and have been brought to Lakewood by its convenience for the summer society, who are engaged at the hotels and cottages, and produce the latter get their water from the Union Kent House Artes & Wells, electric lights from the hotels, and take their meals there. All lots are sold with provisions in the deeds requiring the erection of suitable cottages; that no stable or objectionable outbuildings shall ever be erected upon the ground, or liquor sold on the premises, thus protecting the cottage owner from annoyance of this kind. A few cottages are for rent, they are favorably located near the hotels, fronting towards the lake, have all modern improvements, lighted by electricity, electric bell connected with hotel office, bath and toilet rooms, with arrangements for both hot and cold water.

COTTAGES CONNECTED WITH HOTELS.

**LAKESWOOD,** being midway between the East and West,  
is easy of access from all points.

MOSQUITOES ARE POSITIVELY UNKNOWN IN OR ABOUT THE HOTELS  
OR COTTAGES.

It has the elevation and advantages of mountain resorts, with  
none of the disadvantages.

No malarial can be contracted in the atmosphere of this alti-  
tude, and asthma or hay fever are either prevented or greatly  
relieved.

**MUSIC** by a select band and orchestra. Concerts morning and noon, DANCING  
EVERY EVENING DURING THE WEEK.

One of the features of the season are the brilliant germanis given by the hotel  
guests.

**BOATING.** A first-class boat livery is maintained in connection with the  
hotels, - row and sail boats of the latest pattern. Attendants  
are always on hand to accompany children when desired.

**GOOD DRIVING AND BICYCLE ROADS.** A bicycle academy with at-  
tendants for giving instructions when desired, also keeping a first-class line of wheels  
for rent.

BALLROOM AND OFFICE OF THE KENT.

KENT HOUSE DOCK.

CELORON, with 15,000 sq. ft. of retail space, is the first of its kind in the South. Located in the heart of the downtown area, it is a prime location for retail and commercial development. The building is a modern, multi-story structure with a large, open floor plan. It is surrounded by other commercial buildings and is easily accessible by public transportation. The building is a prime location for retail and commercial development. The building is a modern, multi-story structure with a large, open floor plan. It is surrounded by other commercial buildings and is easily accessible by public transportation.

Atlanta Exposition, a jogging path, a tennis court, a playground, a roller-skating rink, a miniature golf course, and bicycle course are among the other attractions.

The Lakewood & Colston Ferry Company will run boats between Lakewood, Grunwald and Colston every 15 minutes.

VIEW OF THE LAKE

## THE WATER SUPPLY.

There is no public water supply in the city, and the hotel is supplied with water by a private company, which has a pump on the beach. The pipes are laid with wrought-iron pipe from the pump to the water source. The supply is very satisfactory, and only a few of the pipes are laid parallel to the beach. The Water Company will be glad to be connected with either hotel.

OFFICE, LOBBY AND GRAND STAIRCASE — THE KENT.

**THE FISHING** is good, and yearly improving. The laws of the State have been extended so as to protect the game fish of this lake. The famous CHAUTAUQUA LAKE MUSCALLONGE takes its name from this lake, and it is the only place where it abounds. It is served daily upon the tables of the KEN and the Waldorf. Black bass and other game fish abound in great quantities, and the clear cold waters of Chautauqua are so well adapted to the propagation of game fish that the State of New York has recognized this fact and erected its State hatcheries upon the shores of this lake.

Muscallonge have been caught weighing as high as 45 pounds, and small mouth black bass weighing seven pounds.

KENT HOUSE FROM THE WATER.

**THE DRUG STORE.** A fully equipped pharmacy, under the management of an experienced pharmacist, still further contributes to the comfort and health of the hotel guests. A complete assortment of imported and domestic perfumes, cosmetics, toilet articles and family remedies may be obtained at the regular prices, while prescriptions will receive that careful attention and skill which this important work demands. Daily papers, periodicals, and all standard publications may be obtained at the pharmacy.
